

WHAT PEOPLE ARE SAYING

-Caleb has the heart of a worshiper and the attitude of a servant. My first encounter with Caleb's album was capturing. He captured my attention and God captured my worship. The combination of Christ-centered lyrics and the fresh sound Caleb and band produced convinced me that Caleb was the worship leader who can help our church effectively reach our city and this generation in a relevant and passionate way. After experiencing worship services led by Caleb, the deal was sealed, he is the right person for our church."

**John Battaglia—Lead Pastor
Christian Chapel Columbia, MO**

Our experience with the Caleb Rowden Band was fantastic! From the time they arrived in our parking lot to the time they packed their final piece of equipment. Their music, interspersed with Caleb's heart-felt remarks and videos, were dynamic and powerful. I really appreciated how they engaged students by leading in a few worship tunes. We know the night was a success because we had seven decisions for Christ at the conclusion of the concert.

Jason Poole—Des Moines First Assembly

-We had a great time as well...you guys are awesome. Thanks for playing with the kids (big and small). Thanks for "bringing it home" by being relevant to their week: writing a song doing some covers etc. It was a very fun week...

Murphy Felton— Springhill Camps

..they still poured out their hearts and played with excellence.

...They showed sensitivity to our congregation, played worship songs appropriately,

...you set the standard for us, we're now doing a similar celebration service each month

Caleb Rowden and the band did a fantastic job at our church's 1 year celebration. They are a group of very gifted musicians and Caleb did a terrific job vocally. More importantly than those details is the fact that they lead us into the presence of God with their worship. There is an anointing upon their ministry and I would highly recommend it to you and or your church.

**Steve Foley—First Family Church,
Osage Beach, MO**

What an amazing man of God! I had the rare opportunity to listen to Caleb with just a mic and a guitar, and it was truly one of the best worship experiences I have had. Caleb was touched by the Lord and didn't just keep that to himself. He shared that with a group of volleyball players at their National Tournament. The spirit moved and Caleb's heart shown bright. In just talking with him, his true passion seemed to be missions and in singing to us he touched struggling lives. So, thank you Caleb. We will remember you always. Your song, "Made" is even on our end of the year video.

**Jennifer McGuyre—
Assistant Volleyball Coach,
California Baptist University**
